MEMORANDUM FOR: Chief, Strategic Forces Division, OSR

ATTENTION:

THROUGH: Chief, Requirements Branch, Reconnaissance Group, IRS

SUBJECT: Standing Requirement for Search ICBM Complexes
NPIC Project 111052EA

1. This memorandum is in response to the referenced requirement which requests a graphic record of photographic coverage of the 25 existing Soviet ICBM complexes.

2. Photographic coverage was obtained on all but six of the 25 complexes -- Gladkaya, Kostroma, Kozelsk, Plesetsk, Tatishchevo, and Uzhur -- on Mission  Nine of the 19 observed complexes -- Dombarovskiy, Imeni Gastello, Kartaly, Novosibirsk, Omsk, Shadrinsk, Verkhnyaya Salda, Yura, and Zhangiz-Tobe -- had complete coverage of sufficient interpretability to determine that no additional new sites were present other than those listed below. Four of the complexes -- Drovyanaya, Olovyanaya, Svobodnyy, and Tyumen -- had partial coverage with sufficient interpretability to determine that within portions of the complex no new sites were present. The remaining six complexes had coverage of insufficient interpretability to accurately make this determination. New sites were identified at two of these complexes.
